

## Diagnostic Daytime Radiologist

---

**Position:** Diagnostic Daytime Radiologist  
Covering a mix of onsite and at-home shifts

**Location:** Winston Salem, NC

**Brief Description:** Triad Radiology Associates, a well-established, dynamic, and growing private practice of over 50 radiologists and 7 midlevels/Assistant Practice Clinicians, is seeking an experienced, committed associate general diagnostic radiologist for either part-time or full-time day work. No overnight or weekend call is required. We offer an extremely competitive private practice salary with a highly flexible schedule for this position. TRA also offers a generous benefits and retirement package. The group values a mix of hard work, outstanding patient care, and lifestyle factors.

You will be supported by a host of resources including an industry-leading radiology IT section with proprietary productivity/efficiency radiologist dashboards, robust quality & safety metrics, hospital- and outpatient-based reading room assistants, clinical operations team, cutting edge AI tools, etc. TRA's mission is to remain an innovative and independent private practice and has a strong, longstanding relationship with our primary hospital partners. As an associate with TRA, you will enjoy the ability to influence on a daily basis both your clinical practice and your lifestyle through participation in our local governance structure, free from bureaucracy and corporate limitations.

Come live in a vibrant city ranked 6th in the nation on Forbes' list for new job creation in 2020. Golf, cycling, hiking, college and minor league sports, and the arts highlight activities in our city known for easy low-cost, family-friendly living. Winston's downtown is in the midst of an exciting revitalization centered around the Wake Forest Innovation Quarter with new tech businesses, hotels, retail, restaurants, breweries, etc. appearing near-daily. One of Novant's flagship hospitals, Forsyth Medical Center in Winston-Salem, has approximately 1000 beds, and at TRA we perform approximately 1,000,000 radiology exams per year, covering locations from the Upstate of SC to the coast of NC, with a year-over-year growth of around 10% each of the last 2 years.

Please send a brief cover letter, CV, and a reference list to the contact provided. We thank you for your interest.
